Dear Friend of FFMIA:

Thank you for your generous donation to the Florida Fire Marshals and Inspectors Association (FFMIA). Donations to FFMIA will be used to enhance scholarship offerings to first-time attendees at our annual conferences, improve our educational delivery capabilities, and to enhance our abilities to deliver a more diverse compliment of speakers and presenters. Funds will also be allocated for members who seek higher educational opportunities in the form of a tuition scholarship program.

FFMIA members are leaders in many areas of the development of national and state fire codes, and Community Risk Reduction program development. We have three (3) main areas of membership focus: inspections, public education, and fire and explosion investigations. Each of these operations is led by a committed team of professionals to assure individual missions are carried out. The overall operations of FFMIA is managed by an Executive Director and contractual staff to facilitate our training scheduling and implementation, while controlling overall costs to the organization.

FFMIA is also a recognized leader in developing, supporting, and defending fire and life safety code legislation impacting the built environment. Through our relationships with state and related fire service constituency organizations, we are able to provide testimony and engage law makers, providing sound guidance that can influence legislation.

These are just a few of the benefits that membership in FFMIA offers and your contributions will only help us improve on what we are able to do for our members which will ultimately benefit all residents and visitors to our great State of Florida.

Thank you again. Our tax ID information is provided for accounting purposes.
